## WHY MOHAMED ?

Holder of a Bachelor's degree in Computer Science with additional professional education in Science and Technology, I bring a diverse skill set and a proactive approach to problem-solving. My experience in software development, combined with adaptability and continuous learning, makes me a valuable asset to any team. Additionally, my time spent in a dynamic supermarket environment has honed my teamwork and customer-centric skills, which are transferable and relevant in the field of computer science.

---

## PERSONAL PROJECTS

### Portfolio

- Developed a comprehensive portfolio using React, Next.js, and TypeScript.
- Styled with Tailwind CSS for utility-oriented design.
- Integrated Framer Motion for interactive animations.
- Hosted on Vercel for optimal performance.

### CorpComment

- Created a sophisticated public feedback application with React and TypeScript.
- Integrated a RESTful API for real-time data persistence.
- Utilized Zustand for efficient state management.
